The Taylor High School band came in 3rd place at a competition in Bellbrook Ohio on Saturday, September 29th. This was their first competition of the season and it was a great first show! The band then traveled to Miami Trace, just south of Columbus Ohio, on Saturday October 5th and took 2nd place home for Taylor! The kids worked extremely long and hard hours for this recognition. Congratulations to our Band and thanks for helping Three Rivers Be the Best!

The 4th and 5th grade Cheerleading squads competed on Sunday, October 7th at the Cheer Extravaganza hosted by the West Clermont Youth Cheerleading Assoc. Nature Nook Floral Center is adding one more great reason to send flowers...

To Raise Money For Your School!

Here's how it works...

Starting this October, when you send flowers for any reason to someone at a Three Rivers School, Nature Nook Floral Center will donate \$4.00 of the purchase price* to the school where the delivery is made.

Send flowers to recognize a teacher, for a student's birthday, to thank an administrator and more. Or a school employee may simply have them delivered at the school to take home for a friend or loved one and to get the \$4.00 donation! No matter what the reason, your school benefits and so does the person receiving the flowers!

Everyone benefits from this program...

- A thank you, a show of appreciation for a job well done, or recognition of a birthday or milestone goes a long way to encourage someone!
- Students and teachers benefit with better educational tools and opportunities.
- The community benefits with improved schools, and grateful educators and students that know their efforts are recognized and appreciated.

It's easy and it can add up...

The sky's the limit! If just one person had flowers delivered to your school each day it could raise \$700 for that school by the end of the school year. Two deliveries could raise \$1,400, and so on.

* Order must total \$30.00 or more including delivery.

Each \$4.00 donation will go to the school where the delivery was made. Funds will be turned over to each school principal in December, 2007 and again at the end of this school year and will be designated by the teachers to be used for what they determine, by consensus, will be most beneficial to improving the quality of the student's education, i.e. equipment, facility improvement, books, supplies, learning programs, etc.
