

Order the Paleo Prince Coloring Book Today!

Pre Order Form- Due April 29th

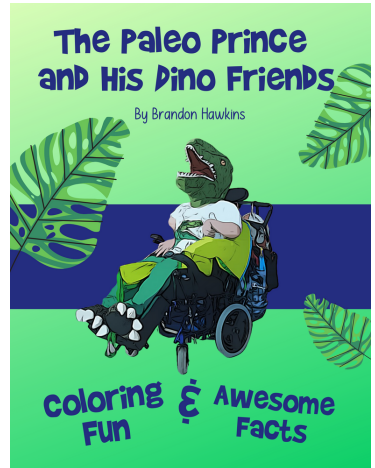

Brandon Hawkins, our very own Paleo Prince is a senior at Taylor High School. He LOVES Paleontology and dinosaurs and thinks YOU should too! Brandon spent countless hours drawing dinosaurs when he was in elementary school and this is just a part of his collection of drawings. Due to a tragic event in 5th grade that left Brandon as a quadriplegic, his dinosaur drawing collection stopped growing... until now!

Through a senior class called Passion Project, Brandon and his team have digitized his drawings and put them into a collection that he hopes to help young people learn more about dinosaurs and use their imagination throughout his book.

By purchasing this coloring book you are doing SO MUCH GOOD! You are bringing Brandon joy- his smile is infectious and is his best way of communicating! You are also helping to raise funds for Brandon's family to hopefully be able to purchase a new wheelchair accessible van that they desperately need!

Be sure to share his book AND story with others and tag #PaleoPrince on your favorite social media accounts!
