School Based Counseling - Behavioral health services are provided in the school, home, or at The Children’s Home of Cincinnati by a licensed mental health therapist. The therapist will work with you and your child to determine a specific treatment plan that meets your needs.

STAR - Specialized Treatment for Adolescent Recovery - Integrated treatment for adolescents ages 13-18 that have both mental health and substance use concerns. The Seven Challenges® model is used to guide adolescents through the process of understanding the implications of their decisions and choices.

Early Childhood Mental Health Counseling
Counselors have specialized training in early childhood development and mental health. Focused on children experiencing social, emotional, and behavioral challenges. Staff utilize evidence based best practices which include: Parent Child Interaction Therapy (PCIT), Child Adult Relationship Enhancement (CARE), Theraplay, and Trauma-Focused Integrated Play Therapy (TF-IPT).

Individual and Family Case Management
A variety of flexible support services designed to connect children and parents with resources to ensure services are tailored to best address the strengths and needs of the individual and family.

Our Vision
Since 1864, The Children’s Home of Cincinnati has provided services and programs that transform the lives of children and their families. Our goal is to help children build the skills and confidence they need to succeed in life.

When children experience behavioral changes or mental health challenges, it affects their everyday lives. The Children’s Home is among the region’s largest provider of mental health services for children. Many of these services are reimbursable through Medicaid.

If your child is showing the following symptoms or behaviors, call our behavioral health intake department at (513) 272-2800 to refer your child for service at The Children’s Home of Cincinnati:
- Anger outbursts, rage
- Short attention span, easily distracted
- Depressed, sad, excessive crying
- Sexually inappropriate behaviors
- Verbally or physically abusive to others
- Substance use
- Poor peer or family relationships
- Impulsive, does not think before acting
- Steals or lies
- Loss or death
- Eating disorders
- Hyperactive, or irritable
- Anxious, excessive worry

FIRST CHOICE PROVIDER:
The Children’s Home of Cincinnati is the largest provider of school based behavioral health care in the region.

WE MAKE A DIFFERENCE:
94% of children who completed counseling improved in their overall functioning and experienced a decrease in problem severity.
